Hi Zorica,

Thank you for your response. I confirmed with FICO that 3 pm September 4th would work for them as well. I will send out meeting invite shortly.

Thanks,

Henry

 Subject: Re: Decision Simulator demo

Hi Henry,

We just need the Decision Simulator piece - we already are in progress with implementing the rules engine piece of Blaze for our Referrals component of the Evolution Work Manager project.

The names of the people are myself, and the team that I've cc'd on this email. Ken/Alex - please let me and Henry know if anyone else from our team needs to attend this session.

Could 3pm on September 4th work as a time? We have a standing architecture meeting with most of the team at that time, so I know that availability would work for everyone?

Otherwise, I would be available on Friday September 6th, anytime after 10:30.

Thanks so much for reaching out and for setting up this discussion with FICO!

Subject: Decision Simulator demo

Hi Zorica,

I spoke with Sully today and he asked me to reach out to you to setup a demo of the Decision Simulator.

I have couple of questions which would help me better prepare for this session

- Do you want to included Blaze overview as part of this demo or should we only concentrate on Decision Simulator?
- Could you please give me the names of the people from your team who should be invited?
- Please advise what day\time slots would work for you? Since we don't have this software in-house I already reached out to FICO. There will be no issue to have FICO demo it for us but they will need couple of days to prepare it. If this session would cover only Decision Simulator we will need no more than an hour: approximately 30 min for demo and the rest of the time for Q&A.

Thank you,

Henry
